Hey there, Tyler here...

I’ve just been forwarded this awesome PDF file which my marketing guys have been so kind as to put together for me, which contains over 60 pages of preview from my upcoming mega-program The Blueprint Decoded.

This program, which has been a life goal of mine to put together for many years, is being launched at [www.blueprintdecoded.com](http://www.blueprintdecoded.com) on February 14, 2008 at 12PM EST.

What can you expect??

The Blueprint Decoded is 4 days long, 20 DVD/CDs in length, and absolutely the highest octane material that I’ve ever put together.

This is a program that’s obviously attractive because it’s going to teach you “success with women” on a level so mind-bogglingly intense that your friends and family will barely recognize you.

But more than that, this is a program that’s really about LIFE.

Yes, in all the promotional materials we’re focused on “Success With Women” because ever since I founded Real Social Dynamics while being a college student in 2002 that’s what this organization has been all about.

In this program we’re evolving even beyond that, however...

You’ll notice in all the Success Stories that not only is The Blueprint Decoded the hardest hitting DVD/CD program that’s ever been created in terms of “getting good with girls”, but it also contains probably the most important secrets that will ever be revealed to you in terms of “finding your true power as a man”.

As funny or ridiculous as you might be thinking this sounds, it’s absolutely true.

This is a program that once you experience it, you will carry it with you every day of your life, every moment, until you die.

That’s how it’s been designed, and that’s the result that it’s guaranteed to deliver.

Tyler

PS: This is a program where the energy built and built from chill and laidback on Day 1 all the way to nuclear-critical-mass mode on Day 4. If you look carefully you can really notice it just by the energy as the program progresses in the pictures. Scroll down and have a look.
